
The Cardiac Arrest Survival Summit (Dec. 7-10, San Diego) is the only opportunity to learn, collaborate on and implement the latest resuscitation science across the full chain of survival.

- Four days of learning, training & networking, including the latest American Heart Association and American Red Cross updates
- Debates & discussions with top experts
- Interactive content to support each link on the chain of survival
- CEs available for more than 60+ qualified concurrent sessions & workshops
- Celebrations for SCA survivors, frontline healthcare workers and more honorees
- Exhibits with the latest resuscitation products, services and training
- An event location in the heart of sunny San Diego with convenient access to shops, dining, parks and more, just in time for the holiday season!

For the agenda, location details & to register, visit <http://bit.ly/CCPRFSummit2021>

- 80+ sessions and workshops across 4 tracks
- 60+ qualified sessions to earn CEs

DECEMBER 7th-10th, 2021 • San Diego, California

Strengthening Connections and Communities to Save More Lives
